21 – 23 March 2024

# ILLUMINATI

2024

CONFERENCE

BROCHURE

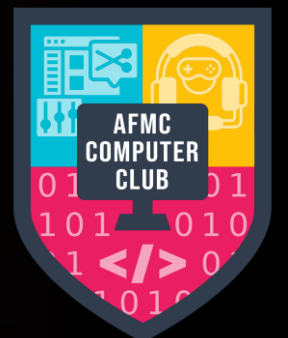

IDEAS  
THAT  
COUNT

Because it all begins with an Idea.

# Theme: Ideas That Count

Ideas that count, have the power to radically shape our world and bring about meaningful change. Such ideas often challenge the traditional ways, pushing boundaries and encouraging innovation. In a world laden with an excess of information, ideas that count rise above the noise, and leave a definite mark on our collective consciousness.

In association with  
**AFMC

CLUB**

# ABOUT AFMC

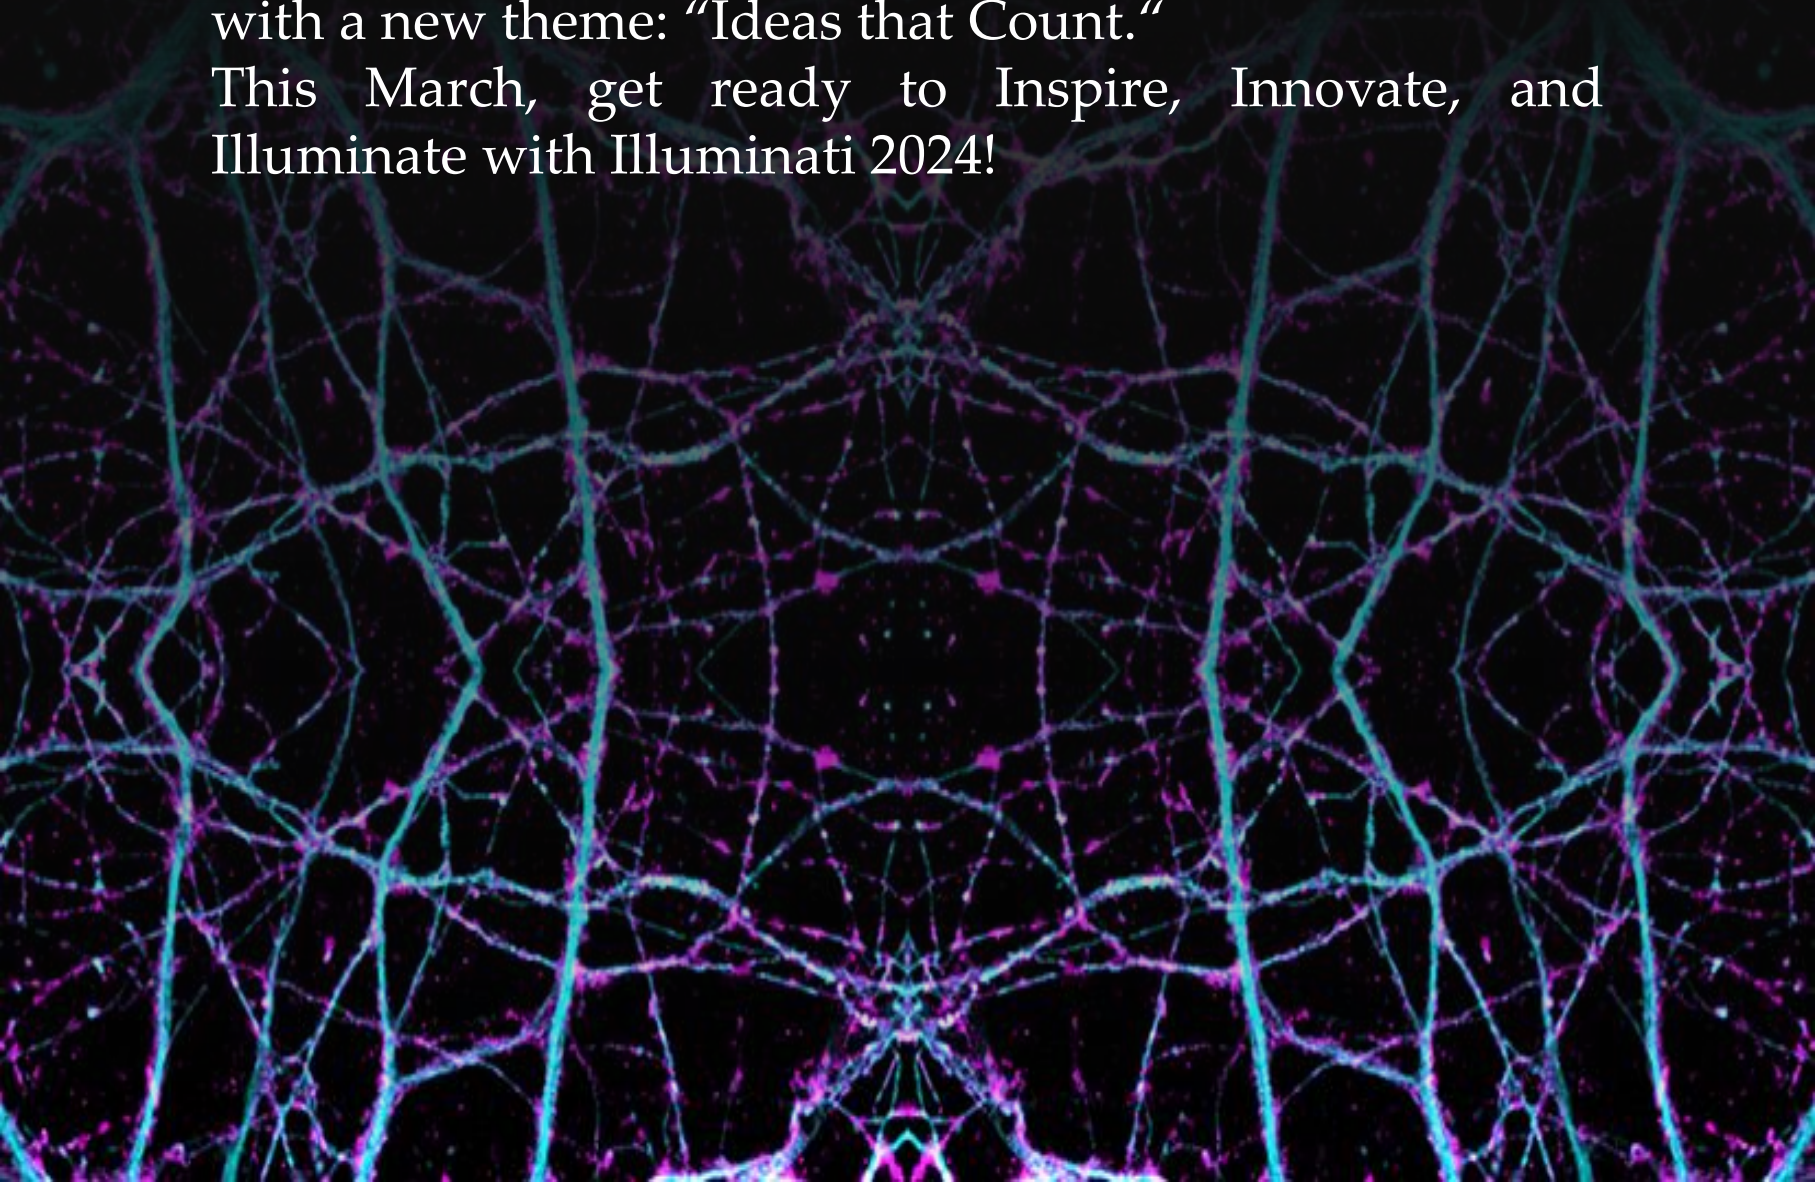

Armed Forces Medical College is a premier medical institute of India, acknowledged as a center of excellence for education and research. Set in Pune, a thriving, vibrant metropolis, touted to be a center of academia, the college provides training to UG and PG medical and nursing students with assured career prospects in defense services. The institute was set up on 01 May 1948 by the recommendations of the BC Roy Committee by the amalgamation of various defense medical organizations. The "Graduate Wing" of AFMC was established on 04 August 1962 to provide a sustainable and steady intake of medical officers for the Indian Armed Forces. The institute is presently affiliated with the Maharashtra University of Health Sciences and is recognized by the MCI for conducting undergraduate and various postgraduate medical courses.

# ABOUT ILLUMINATI

Illuminati is an undergraduate medical research conference organized by the Department of Internal Medicine, along with the Students' Scientific Society, Armed Forces Medical College. The brainchild of Air Vice Marshal Shankar Subramanian, Illuminati has been a constant attraction at AFMC since its inception in 2010 and has gained a unique reputation of promoting a passion for research and innovation in undergraduates of medicine and allied sciences. This year we're back with a new theme: "Ideas that Count."

This March, get ready to Inspire, Innovate, and Illuminate with Illuminati 2024!

21<sup>st</sup> March  
Thursday

# NDRF

## THE LIVE DISASTER MANAGEMENT

---

Join us at AFMC's Captain Devashish Sharma Kirti Chakra Parade Ground, as we host a live demonstration by the National Disaster Response Force (NDRF) showcasing emergency actions during a building collapse. Gain invaluable insights into the medical perspective of such crises from experts in disaster response. Don't miss this unique opportunity to witness real-time response strategies and enhance your understanding of emergency medicine. See you there!

# SCIENTIFIC PRESENTATIONS

---

Participate in our dynamic medical event! Engage with riveting paper presentations, captivating poster displays, and intricate case puzzles. Shape the future of healthcare with us. Channel your inner McDreamy, ignite Sherlock Holmes-esque skills, and embark on a thrilling journey of discovery. Grab your gear, and let the medical magic begin! Welcome to the show!

## Eligibility

- Open for all UG medical students.
- All articles must be original, and plagiarized abstracts will not be considered for evaluation.
- Entries will be taken in the form of Abstract Submission.
- A limited number of entries will be selected for further rounds.

## Abstract Submission and Selection Procedure

- This year, we invite you all to send us common research abstracts that will be screened by a panel of eminent doctors, the best in their field of service, following which a few will be selected for the poster presentation.
- The top abstracts will be selected for the MJAFI Paper Presentation Award.

- All research Abstracts will be presented as Oral Presentation
- The top research papers will also be selected to be published in our Undergraduate Scientific Journal-PRAXIS.

## Eligibility

The abstract should be strictly in PDF format. The abstract should contain a maximum of 350 words.

The format of the abstract is as follows:

- Title
- Aims and Objectives
- Methodology
- Results
- Conclusion and Scope
- The TITLE should be written in capital letters.
- The text should be in Times New Roman and font size 12.
- The name and affiliation of the presenting author should be highlighted and underlined.

# THE CASE PRESENTATION

---

## Eligibility

- Open for all UG medical students.
- Entries will be taken in the form of abstract submission. The Best Abstracts will be selected for the finals Presentation.

## Format of Abstract

- The abstracts should only be strictly in PDF format. (Word limit: 350 words)
- Format of the abstract is as follows:
  - Title
  - Authors
  - Background
  - Case
  - Diagnosis & Treatment
  - Conclusion
- The TITLE should be written in capital letters.
- The text should be in Times New Roman and font size 12.

- The name of the presenting author should be highlighted and underlined.
- The name, affiliation and of the presenting author should be mentioned.

### Abstract Submission and Selection Procedure

- The abstract should be uploaded to the Google form made for scientific presentations.
- The abstracts will be evaluated by a jury of experts and the selected participants will be allowed to present their cases during the event.
- In the case of two authors, the participants should note that only one presenter will be allowed.

## THE MED HACKATHON

---

Embark on a thrilling voyage into healthcare's future with our captivating medical hackathon! Imagine a convergence of brilliant minds, a symphony of creativity, all aimed at reshaping the landscape of medical solutions. Will your ingenious spark be the catalyst that transforms healthcare as we know it?

Join us in this epic journey of innovation and discovery!

### Eligibility

- Teams of 2-5 members (with at least 1 medico)
- Inter-college teams are allowed.
- Other members can be from any branch of medicine, engineering or design.
- Members must be
  - UGs from any branch
  - Medico Interns up to Dec 2024.

### Screening Round

- The Hackathon will be conducted in 2 Rounds
- Round 1 would be online screening
- The screening would be done by the eminent faculties of Armed Forces Medical College Pune

- A problem statement will be released soon on all platforms.
- Participant can come up with creative solutions in the form of a device, app, service, etc. to be submitted as a document or PowerPoint
- The business model of the company need not be elaborated.
- The participants would need to submit a Google form for which Instructions will be passed on the WhatsApp group.

### Steps

- Register online for the event and you will be added to a WhatsApp group.
- You will be provided with a Unique Team ID(UID) in the Anveshana WhatsApp group itself.
- Further information about the abstract submission process will be explained on the WhatsApp Group itself. Round 2 will be offline at AFMC only.

*The file name MUST be renamed as  
“ Unique ID-Illuminati2024”.*

*No name of the team, any member, college or any personal  
ID should be revealed in the final abstract.*

## Registration

- Only 1 submission will be permitted per team after which no changes will be entertained.
- Rs. 300/- (For abstract submission)
- Basic Registration is mandatory for Offline Round only.

# THE ILLUMINATI DEBATE

---

## Format

- The debate will be conducted in two rounds:
  - Preliminary and Final
- Motion for Preliminary round:
  - “This House would support the taxation of brain drain by implementing the Bhagwati tax.”

## Rules

- Teams of two: 1 speaker for, 1 against
- Undergraduate MBBS students
- Intercollegiate teams are allowed
- Individual speeches not exceeding 2 minutes to be recorded and submitted via email:  
[illuminati2024debate@gmail.com](mailto:illuminati2024debate@gmail.com)

# THE ILLUMINATI DEBATE

---

- Videos must be recorded in a well-lit, noise-free environment and should have at least the bust portion in the frame.
- Format of the email:
  - Name of college:
  - Participant 1: for the motion[entry as attachment]
  - Participant 2: against the motion[entry as attachment]
- The top 4 teams shall advance to the final round.
- Last date for submissions for prelims: 9th March, 2024

## Judging Criteria

1. Content
2. Structure
3. Poise and diction
4. Rebuttal round
5. Conviction to stance

# THE ILLUMINATI DEBATE

---

## INFO SLIDE FOR THE MOTION:

*This House would support the taxation of brain drain by implementing the Bhagwati tax*

*Brain drain, or loss of human capital of a developing nation to a developed nation results in severe loss to developmental progress.*

*Medical field sees its fair share of brain drain, to counter which prof J Bhagwati of Columbia U proposes the implementation of 'Bhagwati Tax'.*

*This poses new challenges itself and the cost of implementation and necessary institutional framework require deliberation.*

# RESONATE

---

“If you can't explain something to a first-year student, then you haven't understood it completely.”

Richard P. Feynman

Join us for an enlightening event where participants delve into the world of diseases, breaking down complex medical concepts into simple, understandable language. Each speaker will have a maximum of 4 minutes to explain a disease.

## Screening

- An Online Screening round will be conducted.
- Participants will have to present the topic on a Google Meet session (max 8 min per person) which will be conducted 18th March 2024.
- The presentation will be judged by eminent faculty during the Google Meet and each presentation will follow a 1 min Q&A round.
- The presentation will be purely verbal and no PowerPoint presentation will be allowed.
- The last Date of submission is 20th March 2024.
- The five best Entries will be chosen for the final on-stage round on 23rd March 2024.
- The Disease Topic will be of Public Health Concern and will be released on the Instagram account Illuminati.

## Final Presentation

- A maximum of 5 participants will be allowed for the Final Presentations.
- Each participant will have a maximum of 8 minutes followed by a 2-minute Q&A round.
- The topics will be released on 20th March 2024.
- Students will have two days to frame their oral presentation.
- Oral Presentations must be in layman's terms, avoiding technical jargon, which is the crux of the competition
- Visual aids such as props are permitted but not mandatory, but PowerPoint Slides are forbidden.
- Presentations should cover the aspect of a given disease in its entirety.
- The Presentations will be judged by experienced faculty of Armed Forces Medical College.
- Don't miss this opportunity to learn and engage in meaningful discussions about diseases in a simplified manner. Join us at Resonance and be part of the conversation.

# STEM TALK

---

STEM Talks, a forum where students of medicine converge to address global challenges. In this event, we explore solutions to international problems that transcend borders and impact communities worldwide. From combating infectious diseases to advancing sustainable energy solutions, our speakers harness the power of collaboration and innovation to propose transformative ideas. Join us as we engage in critical discussions and hypothesize innovative approaches to create a more interconnected and prosperous world.

## Eligibility

- UG MBBS Students
- Interns who have completed MBBS after Jan 2023

## Online Screening

- A problem statement will be released soon on all platforms.
- Participants can come up with creative solutions in the form of a device, app, service, etc.
- Registered participants will send their video recording (max: 7 mins) explaining the innovation/solution.
- A total of 20 people will be selected for the offline round.

## Offline Presentation

- Basic registration is mandatory for offline presentations.
- All 20 selected participants will report to AFMC on 21st March 2024.
- Teams each with 5 members will be formed.
- A New problem statement will be given.
- Teams will have 2 days to find out solutions.
- Final Presentation will be on 23rd March 2024

## Registration

- A one-time payment of **Rupees 300 only**.
- For offline Rounds Basic Registration is mandatory.

# Online Submission Rules:

---

## Steps

- Register online from the link above and pay registration fees.
- You will be added to the STEM talk WhatsApp group.
- Submission of videos will be there on the WhatsApp group itself.
- Last date of Submission is 10<sup>th</sup> March 2024
- One participant can submit only a single innovation.

# SYNESTHESIA

Illuminati, the annual medical research fest for undergraduates hosted by Armed Forces Medical College is the most awaited event of the year. Synesthesia- The Band, comprising of AFMC's finest, will be performing a captivating live set, covering songs of some of the greats including Radiohead, Deep Purple, Bayaan, Steppenwolf and Porcupine Tree. Synesthesia has a legacy of attracting crowds from far, giving ravishing performances. Even soothing the oldies in the crowd by playing the all-time favorite retros, which everyone knows and loves. It is bound to be an unforgettable experience. It is the ideas that count, and music that matters.
